Dear Ms Kolářová,

Subject: Feedback Report

It was our pleasure to have your students and teachers study with us at KKCL from October to November 2015.

During the 9 hours of junior classes your students improved and practised their English by studying on our Go Create! English programme. Work they achieved, all in English, during this period was writing and recording songs, interviewing the British public and designing animations. Their work was of high quality. They built their confidence and communication skills and should be proud of what they have achieved. Moreover, feedback from our staff is that their participation and behaviour were excellent. They were a pleasure to teach and we would love to see them back again.

Your teachers attended General English classes. Having shared their language needs with us at the beginning of the course, our teachers were able to deepen their knowledge of English in the areas of grammar, vocabulary, pronunciation, writing, reading, listening and speaking that they needed and guide them on their way to reaching their language goals. If they should be interested further language study or teacher training in the future, again this would again be a pleasure to arrange.

The Group Leaders were responsible, co-operative and helpful and undoubtedly added to the success of this visit. They worked together with our staff to ensure the highest care for all the students.

Overall, it was an extremely positive experience and we hope to be able to work together again in the near future.

All the best,

Emma Lauson
Director of Studies
