Placement Guidance

- If students get less than 60% of the answers right, they should use the lower level indicated in the title; e.g. for the High Note 2/High Note 3 Placement test they should use High Note 2.
- If they get more than 70% of the answers right, they should use the higher level indicated in the title.
- Getting 60–70% of the answers right puts students in the middle of the two levels, and the teacher's decision as to where to place these students should depend on the level of the rest of the class.
